## \$7 smoke alarms are offered GC residents

By VALERIE EVENDEN  
of the Press-Record

"Get Alarmed!" by protecting Granite City families and property with smoke alarms is the objective of a new Granite City Fire Department program announced Wednesday by Granite City Mayor Paul Schuler.

Geared to making people aware of the greater personal safety that smoke detectors provide, Mayor Schuler's "Get Alarmed" program will offer to qualify smoke alarms available to every household at the low cost of \$7 each, it was announced.

**THE SMOKE ALARM** project gets underway Friday, Feb. 15, when the detectors may be picked up at the Granite City Fire Station, 23rd Street and Madison Avenue, between the hours of 9 a.m. and 3 p.m.

Distribution of smoke detectors will continue Mondays through

### Alarms free for low income residents

Fridays in subsequent weeks during the same six-hour period at the main firehouse.

As part of the non-profit project, senior citizens and other eligible residents in the community may be entitled to a free smoke alarm, the mayor said.

**INDIVIDUALS OR** families whose incomes fall within the following guidelines will be eligible to obtain a free smoke detector, it was explained.

Free smoke alarms will be made available to persons whose annual income meets a graduated scale, starting at \$15,450 or less for an individual, and ranging up to a family of six with a top income of \$24,850 or less.

Other annual incomes with the right listed being the top yearly income allowed, based on the number of persons in a household, are:

**TWO PERSONS**, \$17,650; three persons, \$19,850; four persons, \$22,100; and five persons, \$23,450.

Eligible persons wishing to secure a free smoke detector are required to provide verification of income, social security number, receipt, withholding tax statement or payroll or Social Security check stub.

Proof of residency also must be shown with a current utility bill, rent receipt or property tax statement acceptable, it was explained.

**INSTALLING A SMOKE** alarm is a very simple task, but help will be necessary with the installation, it was noted.

Persons wishing such assistance are invited to request help when obtaining a smoke detector at the fire station, it was noted.

## GM says Pontoon is still in the running for Saturn plant

By MIKE MOORE  
For the Press-Record

Pontoon Beach Village Board President Glen Wilson announced Tuesday that General Motors is still considering the town as a site for construction of its Saturn automobile assembly plant, which would employ 6,000 persons. Wilson made the announcement at Tuesday

night's village board meeting. A letter from GM said the company would prefer an area for the site that is within a 50 to 60 mile radius to a major metropolitan area, calling for engineering, robotics and communication. GM also wishes for the new site to have a dual rail service, though sites with only a single rail service are still being considered.

**THE SITE** should be able to handle an increase of population. A community with a good quality of life and a full range of community services available is one that GM is seeking.

The number of sites still being considered has been narrowed down to (Continued on Page 3)

**VALENTINE'S DAY ROYALTY.** Clara Tanase and Pete Ferro, selected as queen and king during the Valentine's Day Dance for senior citizens Wednesday night, dance to a tune by the Alley Cats Band. Co-sponsored by Granite City Township Supervisor Nelson Hagnauer and the Granite City Park District. About 350 seniors attended the annual dance at the township hall.

## Reward in Bellmore fire

A reward of up to \$10,000 is being offered for persons providing information on the cause of the fire which destroyed a large part of the Bellmore Village Shopping Center Dec. 22.

Granite City Police Detective Craig Nonn explained, "Someone out there knows how it started. We have talked to many people and are still talking to people, but we haven't talked to the right person yet. This reward might get that person or persons to come forward."

**THE REWARD** will be paid by the Illinois Fair Plan. The amount will depend upon the value of the information provided,

ed, as determined by the Governor's Arson Advisory Board, Nonn explained.

"If the fire was set intentionally and maliciously and we can prove it, the person who provided us with the necessary information will be eligible for a reward of up to \$10,000," Nonn said.

The fire apparently started in the giant Reese Drug Store and spread quickly through a common ceiling, destroying three businesses and damaging several others.

**ANYONE HAVING** information on the cause of the fire is urged to contact Nonn or Detective Jeff Parker at 876-9027.

**Happy Valentine's Day**

## Hazardous conditions

Motorists creep along Route 3 south of West Pontoon Road earlier this week as blizzard conditions mixed with the ice-glazed roadway make driving on the stretch of highway hazardous, at best. One of the numerous vehicles involved in a variety of mishaps caused by the dangerous conditions straddles the median of the highway near the West Pontoon Road intersection.

**NEW POSTAGE RATE SUNDAY.** Harold Dupont of Granite City buys a supply of the new 22-cent non denominational 'D' stamps Tuesday in preparation for the new postage rate increase, which goes into effect Sunday. Selling the new stamps at the main Granite City Post Office is philatelic clerk Jan Krohne. First-class mail of one ounce or less, postmarked prior to midnight Saturday, can still be sent for 20 cents.

## Call for resignation leads to heated debate in Nameoki

By SUSAN SIGNARO-WIECH  
of the Press-Record

Nameoki Township Trustees Joseph Garcia and Helen Hawkins exchanged accusations Tuesday night, after Garcia suggested that

Mrs. Hawkins resign from her post.

Garcia told the present of the township meeting that Mrs. Hawkins had acted in "poor taste" when she refused to serve on the electoral board earlier this month.

The board was picked to determine the validity of petitions filed by Melba Mehegan.

**THE BOARD** consisted of the township supervisor, the town clerk and the trustee with the most seniority. A drawing to determine which trustee would serve was necessary, since Mrs. Hawkins and Garcia have been in office the same number of terms. The lottery was conducted after a regular meeting in January.

Although Mrs. Hawkins' name was chosen, she refused to serve, saying that the drawing was illegal since it was not performed during a regular meeting.

It was this matter to which Garcia referred. "I am satisfied and happy with the terms of the electoral board ruling," he said, "but I think it was in very poor taste that one of our

trustees refused to serve on the board. I think it would be appropriate if she would resign."

**MRS. HAWKINS** answered Garcia by reading a prepared statement. In the letter, she said she read in the paper that she had been accused of "shirk[ing] her duty."

"She was elected in 1981. I have not missed a regular board meeting. No other member of the board can make that statement unless they want to lie," she said.

"When the drawing was made for the trustee to serve on the electoral board, who was on the agenda? I personally heard Mr. Garcia say near the end of the meeting on Jan. 28, 1983, 'Harry, what about the drawing?' and Mr. Briggs shut him up."

"I KNOW A REPORTER from a local paper later had this same conversation. I believe it was a deliberate set-up to try to discredit me in some way and I didn't take the bait."

## Arthritis seminar set at St. Elizabeth Medical

The Arthritis Foundation will sponsor self help classes in the Wards Auditorium at St. Elizabeth Medical Center to start on March 7, according to Nadine Rain, coordinator for Madison County.

The course consists of two hour class sessions each week for six weeks. The key teaching points of the course are basic information about arthritis and general principles of self help, the role of exercise and relaxation, energy conservation, joint protection techniques, medication and nutrition.

Psychosocial problems will be discussed, ranging from lack of understanding from relatives and friends to marital problems. "Group discussions and brainstorming result in a better idea of the disease

and consequently better management," said Mrs. Rain, coordinator. Madison County women who have been trained by the Arthritis Foundation and will be instructing the class.

Class size is limited to 12 but participants are encouraged to bring a relative or friend free of charge.

The fee is \$12 which covers the cost of the course textbook, "The Arthritis Book" by Rita G. RN, DB PH and Dr. James Flory. Also included are hand-out materials.

Checks should be made out to the Arthritis Foundation. For further information or registration those interested are to contact the Public Relations Dept. of the hospital, 798-3496, Mrs. Rain added.

## Local chairmen are named for St. Jude bike-a-thon

St. Jude Children's Research Hospital has announced that Mrs. Roberta Hopper has agreed to the chairmanship of the "St. Jude Wheels For Life" bike-a-thon in Granite City and the Rev. Jim Jackson will chair the event in Madison. They will be seeking co-workers, riders and sponsors to assure the success of the bike-a-thon, which is scheduled for May 18.

St. Jude's is curing better than 50 percent of its Leukemia patients and has already treated more than 8,000 children free of charge. It costs the hospital about \$20,000 to take care of one Leukemia patient for one year, and there are 2,300 patients under

treatment at this time, a spokesman said.

St. Jude Research and St. Jude patient care combat leukemia, retinoblastoma, osteosarcoma, neuroblastoma and a host of other diseases.

### TAKE PET BEAGLE

A male black and tan beagle dog was found in the yard of 1806 Schildman, 1780 Chestnut St., he reported this week. The thief left the dog's collar and chain near the doghouse, he said.

**REGIONAL FINALISTS.** Granite City High School's speech team competed in the Illinois High School Association's Regional Speech Tournament at Belleville East High School. Students advancing to the final round after two rounds of preliminary competition were, front row from the left: Jim Drago and Mike Solem, second in dramatic duet acting; Melissa Pennell and Debbie Rozycki, fourth in humorous duet acting, and Jenny Little, fourth in humorous interpretation. In the back row are: Adam Schneider, second in oratorical declamation; Ben Sanders, fifth in special occasion speaking; Tim Brewer, fifth in original comedy, and Greg Kessler, fourth in extemporaneous speaking. Jema Gonzales (not in the photo) was fifth in original oration. Drago also was third in dramatic interpretation. Salem, Drago, Schneider, Kessler and Misses Pennell, Rozycki and Little advanced to the IHSA sectional tournament during the weekend in Charleston, Ill. The team is coached by Ron Pennell.

## Madison County Federal converting to stock co.

Paul F. Sodko, president of Madison County Federal Savings and Loan Association of Granite City, has announced plans for converting Madison County Federal from a mutual savings and loan association to a public stock and stock company.

"Significant equity capital will be infused into Madison County Federal with this conversion. This capital will enable us to expand our lending and investment activities, to take on new operations, and to better access the capital markets for future equity or debt offerings," Sodko stated.

Under a mutual form of ownership, the board of directors is elected by the association's savers and borrowers. A stock savings and loan association differs in that voting rights are held by stockholders. These are individuals who purchase shares of ownership in the company. As owners, they have the opportunity to participate in any growth or profits of the company.

According to Sodko, "Madison County Federal will offer the shares of stock to its members first in a subscription offering, and then, if any shares remain, to the general public with preference given to persons residing in our local community."

"The conversion to a stock company must first be approved by our regulators," Sodko stated. "namely the Federal Home Loan Bank Board and the Federal Savings and Loan Insurance Corporation. Following these approvals, our association's members will vote on the conversion issue at a special meeting of members. We will also mail a stock prospectus to all eligible subscribers and an order form for purchasing stock. The form will indicate the maximum number of shares which that member can purchase under the Plan of Conversion and will state a deadline for returning the order form."

The price per share and the number of shares to be offered will be determined first at the time the subscription offering to members begins. Following a review of the pricing, members will vote on the offering. The total size of the offering will be determined by an independent appraisal.

Following conversion, our customers will continue to enjoy the

same broad range of deposit and loan services at the same office locations by the same staff," Sodko continued. "The conversion will not affect the interest rates we pay or charge, the balance sheet or the maturities of either deposit or loan terms. Each account will continue to be fully insured by the FSLIC up to \$10,000 for our customers' security."

The association anticipates filing its conversion application with the Bank Board in February and approval should occur several weeks thereafter. Members of Madison County Federal and the general public will be given the opportunity to review the proposed offering materials, which will include financial and other facts on Madison County Federal, before deciding whether to purchase any conversion stock.

Sodko stated that stock conversions by mutual savings and loan associations and savings banks under the jurisdiction of the Federal Home Loan Bank Board have occurred at an accelerated pace since 1982 and that, since the last quarter of 1982, approximately \$1.5 billion in excess of \$2 billion in new capital through stock conversions.

Madison County Federal was initially chartered in 1937. Currently, it has assets of approximately \$125 million.

### INVESTIGATE BURGLARY

should know by now that all meetings of any legislative, executive or advisory bodies of the township should be public meetings, yet you conducted an unauthorized drawing without my knowledge, consent or permission in the room, but I was not invited to the drawing.

"Talking about shirking duties, you (fellow board members), without a doubt, surely did shirk yours."

**GARCIA COUNTERED** by saying he could not understand how Mrs.

Hawkins could say she was not invited to the drawing. "You were sitting right here when it happened (the drawing)," he said.

"I can't attend unless I'm invited." Mrs. Hawkins replied. "I don't know how you could do such a sneaky thing. Your actions were highly illegal. I called Lou (Louise Ware, the woman who pulled the names for the drawing) and she said she had no idea what the drawing was for. She told me 'Well, I thought it was too late to be a drawing for

Christmas gifts, but I thought it was for something like that!'"

At this point Garcia asked Township Attorney Irvin State if the drawing was illegal and State shook his head no.

**GARCIA TOLD** Mrs. Hawkins that she was "way off base" with her accusations. "And another thing—I don't have to go to an attorney to make my decisions for me," he said.

No board action was taken after the discussion.

### Madison group supports Gordon

A group of Madison citizens met recently to form a committee to promote the election of Tom Gordon as mayor of Madison.

In its first regular meeting Saturday, the group elected Wally DeShon as chairman of the group. Charles Brink was elected vice-chairman.

The committee has planned various activities to support Gordon. The first event planned is a Feb. 24 dance at the Polish Hall, 826 Greenwood St., Madison. Admission to the dance will be \$5, with food and refreshments available. A band will play from 7 to 11 p.m.

For more information about the committee or the dance, interested persons may call the Gordon campaign headquarters at 876-7509. New members are welcome.

### Name first child Ashley Nicole Fox

Mr. and Mrs. William D. Fox Jr., 1720 More Ave., became the parents of their first child, a daughter, born Wednesday, Feb. 13, at Jewish Hospital, St. Louis.

The newborn has been named Ashley Nicole. She weighed 6 pounds and 1 ounce.

The mother is the former Miss Geina Forsee, daughter of Mr. and Mrs. Eugene Forsee of Granite City.

Mrs. Dina Fox of Madison is the paternal grandmother. The baby's paternal great-grandmother, Mrs. Tisilia Popyancheff, also resides in Madison.

### CHARGE TWO IN CAR

## Smoke alarms can save lives

We are happy to see Quad-City area governments joining in the program to provide smoke alarms to needy families and helping all families receive smoke alarms at low cost.

Smoke alarms have been proven to save lives and property over and over again. In most fatal fires, it is not the flames that kill, but the poisonous gases in the smoke. Persons who are sleeping can be overcome by smoke before they awaken. Smoke alarms provide an early warning of fire, waking those who might otherwise perish.

A program where Granite City residents can purchase smoke alarms for \$7 at the main fire station, starting tomorrow, is being announced in today's Press-Record. A similar program in Madison was announced two weeks ago.

In both cities, needy residents who can show proof

of low income can receive the alarms free. Fire-fighters are available in both cities to install the alarms free if the recipient desires.

City officials in Granite City and Madison should be congratulated for participating in this program. We urge all Quad-Cityans to take advantage of this life-saving offer. Low-income residents should not be too embarrassed to come forward to get a smoke alarm free. Their lives and those of their families may be at stake.

The goal of the drive is to have a working smoke alarm in every home in Granite City and Madison. We hope it is successful and the program expands to other cities.

There is always plenty of news to write about. We would be happy to put out issues after issue of the Press-Record without recounting the details of another fatal fire.

## Firefighters respond to alderman's letter

To the Editor:

In response to Alderman Charles Rockett's letter in the Monday, Feb. 13, Press-Record. We the members of the Madison Fire Department would like to set the record straight.

Alderman Rockett, stated that there are no Fourth Ward people of the fire department. Well, we don't agree with you just at all. This statement is not true. There are four members from Ward Four on the department.

These gentlemen have been on the department for quite some time (the oldest has 35 years). You have been the Fourth Ward alderman for the

past four years and didn't even take the time or give the department the courtesy of checking into the matter until it was time for your election. Apparently you just don't understand where the Fourth Ward boundary lines are.

Also, concerning Curtis Bosworth's claim that Fire Chief Mike Macek does nothing but ride around day and night in a car provided by the city, we know that he does not do this. He responds to all ambulance and fire calls when possible, no matter how minor. His car also has information on handling hazardous material in

incidents, so that it is readily available if needed.

We, the members of the fire department, feel that the residents of the Fourth Ward should question Alderman Rockett on his knowledge of the city and the Fourth Ward in particular.

MADISON FIREFIGHTERS

(Editor's note: The letter was signed by 28 members of the volunteer fire department. The names are not listed because some of the signatures were difficult to read.)

## Fed up with occupancy permit idea in GC

To the Editor:

I was wondering what the next move by the city council would be to combat this idea.

Alderman (Sharon) Perjak thinks the council should decide if local residents should be allowed to move into a home they purchased or rented. After all, only the ruling class is smart enough to make that decision.

They are fair to Alderman Perjak, she is not alone in her desire to make

these decisions for the people.

In Missouri, a couple who built a new home were not allowed to have electricity supplied to it until they paid a \$1,000 deposit by the utility in front of the home. The couple decided to fight the ordinance. They moved in anyway, suffered hardship until they fought and won a legal battle against the ordinance.

They must have been a rare couple as most of us just don't fight anymore.

Aldermen in the city of St. Louis

have just passed an ordinance that requires every home to have smoke alarms. It also gives the city officials the right to come in to the home and inspect it.

All in all I have heard the statement, "The Russians are Coming!" I think the more alarming statement is, "Our elected officials are here!"

Thanks to the Press-Record for pointing out the possibility of abuse in such cases.

## Cutting deficit will cut interest rates

To the Editor:

There are three things to remember about the Administration's budget proposal.

First, the president's proposal is a budget, not a recommendation, not a decision. Many elements of the president's budget proposal will be adopted by Congress, but many will be changed.

Second, the most urgent problem facing the nation is the federal deficit. In writing a budget for fiscal year 1986 (which begins Oct. 1), Congress must seek a lower deficit figure than the Administration's \$19 billion.

Finally, President Reagan proposes to spend a trillion dollars in 1986. That is a huge amount of money. Yet, the president has taken a great deal of criticism because he is proposing cuts in many government programs.

I concede that some of the Administration's proposals are ill-advised. For example, Congress will approve a much smaller increase in defense spending than the president seeks. On the other side of the coin, Congress won't approve the large

cuts the Administration is seeking for student aid and higher education.

The fact remains, however, that the president proposes to spend \$74 billion in the 12 months beginning on Oct. 1. That is an enormous sum. It amounts to \$1.9 million a minute, or every minute of every day, for an entire year.

What principles should guide Congress in its efforts to develop a final budget?

I am bringing two basic positions to consideration of the budget.

First, there is an across-the-board freeze in federal spending that is fair, simple, and achievable. Americans know that unchecked deficits approaching \$200 billion will ruin the long-term prospects of the economy. The best way to reduce the deficit is for virtually everyone to chip in something.

Second, it is my view that Congress shouldn't consider a tax increase as a way to reduce the deficit.

The president is strongly opposed to any tax increase, which would make congressional consideration extremely difficult. In my view, Congress

should consider higher revenues only as an absolute last resort.

For starters, the president's budget lops about \$50 billion off of a deficit of about \$225 billion. We can and we must do at least as well as that.

Why? Because there is a pot of gold for all of us at the end of the budget-cutting rainbow.

Virtually every economist from liberal to conservative — from the Carter Administration's Schultz to President Reagan's Feldman — says that a \$50 billion reduction in the deficit for fiscal 1986 would cut interest rates by at least two percentage points, and perhaps by a full four points.

The fact is, what farmers, small business operators, consumers and manufacturing industries are looking for — lower interest rates, which represent an opportunity to convert a strong recovery into a long period of solid prosperity — for all Americans and that is the reason for going through all these trials and tribulations in the battle of the budget.

## Federal budget plan disastrous for Illinois

To the Editor:

In every budget, whether it is for a household, a business or a government, fairness goes hand-in-hand with economy.

This is not so with the budget the Administration sent to Congress. It isn't fair, and it isn't acceptable.

It is a disaster for Illinois.

Again, the Administration budget proposal puts the Defense Department "off-limits" to any cutting.

At the same time, it suggests cutting or eliminating many domestic programs to states such as Illinois.

This budget could well cost the state of Illinois \$1 billion in federal money if it is passed as is. That is a billion dollars less next year for a state that gets back only about 75 cents for every tax dollar it sends to Washington.

I do not think that the budget will pass as proposed since there is not much sentiment in Congress for leaving the Pentagon immune from cuts.

However, let me highlight some of the cuts proposed by the Administration that should be particularly bad for Illinois.

We have to be fair in deciding how to spend the taxpayers' money, and we also have to make a dent in our massive federal budget deficit, which now stands at \$220 billion.

To do this we must look at the entire budget. That means taking a very close look at the 2.3 percent cut the document that is currently immune from cuts — the Pentagon.

I am a member of the Armed Services Committee and I am for a strong defense. I believe it is only in the Pentagon budget cut by 2.3 percent.

The fairest way to proceed is an across-the-board freeze on all spending. I voted for one last year, and will do so again.

A freeze would cut the budget next year to about the same level as the Administration's budget proposal, and it would do so without sacrificing domestic programs vital to millions of Illinoisans.

### SAYS SOME COMPANIES ARE DENYING PENSIONS

To the Editor:

This matter could happen to anyone. People who work for factories never know.

It concerns people who have been laid off for two years, and got wiped out of their pensions, and every since they got called back to work, they might average one or two weeks off every so often.

The Federal Government should investigate these companies. Either give these people full-time work, or give them their pensions.

## Fire chief responds to Rockett's letter

To the Editor:

Alderman Charles Rockett's article in the paper contains some false allegations. We have four men from the Fourth Ward on our fire department. If you (Rockett), remember when you asked on the council floor for a fire station in the Fourth Ward, you were told then, as well as two other occasions on the council floor, to bring applications to the fire department. In your four years in office, you didn't bring one application.

Don't forget that you had the street department level the lots next to you, not once but twice, so the kids could have a place to play. After it was leveled to your approval, you put up a six-foot fence and padlocked the gate.

How about the free burglar alarm you wanted installed by the city? How about the alley that's been a problem for so long as most of us can remember? It's a few feet off your property. Now, all of a sudden, you've paid an outrageous price for the property.

In two years you have given me one Community Development application for housing rehabilitation, which was approved. It looks to me like you are looking out for yourself first and the people of your ward second.

I feel that I am receiving all this controversy because of my open support of the Madison Improvement Party candidates.

### DEFENDS TOUGHER GC BUILDING CODES

To the Editor:

Subject: Tougher G.C. building codes and what an outstanding man we have in the Fourth Ward.

As the next door neighbor of the leaning and totally wrecked house Mrs. Sharon Perjak talked about in her write up in the Press-Record, Feb. 7 on building codes, I am speaking out for our neighbors and the membership of Second Baptist Church.

We would like to thank our alderman, Mrs. Sharon Perjak, for the fine work she is doing for our city and we need more good people like her to take leadership.

## Briggs gives report about local offer for GM plant

Nameoki Township Supervisor Harry Briggs told town board members Tuesday night that a proposal for the location of Saturn's GM plant in Pontoon Beach is "still in the running."

According to Briggs, Nameoki Township has been working with the mayor of Pontoon Beach, Glen Wilson, to try to secure the giant plant location.

According to Briggs, the land that is being offered for the plant is located between Pontoon Beach and Interstate 270, just west of Route 11. The land, which is owned by a named by one farmer, contains 1,000 acres.

Despite comments some other local officials have made, Briggs contends that the property in question is not in a flood plain. Granite

City officials had said earlier that GM officials would not build their plant in a levee-protected district, which would exclude the Quad-City area.

Briggs said he is hoping to gain the support of other local officials to help attract the plant to the area.

"I think the local governments are going to have to bury the hatchet somewhere and say that the plant should be located here."

### 'Tulip Time' reservations start

Reservations will be accepted starting at 9 a.m. Friday, Feb. 15, for an excursion to the renowned "Tulip Time Festival" in Holland, Mich., scheduled May 17 through May 20.

The Granite City Park District has just received word of the availability of accommodation in Grand Rapids, Mich., making it possible to arrange the special trip, it was announced this week.

The itinerary this year will include spending Friday and Saturday night at the Marriott Inn in Grand Rapids.

All day Saturday will be set aside to visit the many sights at the "Tulip Festival," while the guide book and the park district's chartered bus for five hours to see the highlights of the traditional event, it was reported.

Reservations also have been made for special seating to allow local tourists to enjoy a three-hour parade, featuring bands, colorful floats and costumed units.

At the time bus reservations are made, beginning Friday, proof of residence must be presented for each person making the trip. No more than four reservations will be taken from one individual, it was announced.

Park district residents will be given preference, with nonresidents being placed on a waiting list.

### WOMAN ALLEGES MAN WITH GUN BATTERED HER

The M. Long of 705 Jefferson St., Madison, told police at 4:35 p.m. Tuesday that she was taken at gunpoint by her a man she knew to Alton and was beaten in a residence. She said the man wanted to pick her up and told her to get her children because they were leaving.

She said they all got into a gray Mercury and drove to Alton, where he allegedly got a job there that afternoon. She told police that when he left, she drove off in the car to the Alton police station. She said police there impounded the vehicle.

She signed a complaint against the man for aggravated assault. Police were looking for the man.

### Gateway BPW to hear trust officer

Terence A. Verzel, assistant vice president and trust officer at Peoples Trust Co., St. Louis, will address the Gateway Business and Professional Women at the February dinner meeting Monday, Feb. 18. The event will take place at The Den, 24th and State streets.

One local woman or person will be accepted through Sunday by contacting dinner chairman Ruth Nicholas, at 876-3893, or Ollie Derr, 877-8251, after 6 p.m.

Mrs. Nicholas, BPW finance chairwoman, said the program will center on finance with Verzel's subject focusing on the topic, "Finance Ideas."

The guest speaker specializes in estate planning and personal trusts. He studied at Eastern Illinois University in St. Louis and at Southern Illinois University, attaining a master of business administration degree with a finance specialty.

A guest speaker will start at 6:30 p.m. Monday and dinner will follow at 7 p.m., Mrs. Nicholas said.

All women working or residing in the Quad-City area and prospective members are invited to attend the dinner meeting, Mrs. Nicholas said.

Barbara Hodges, Gateway BPW president, will preside at the business session.

## Meadowlane to be linked to county sewer system

By MIKE MOORE  
For the Press-Record

Residents of Meadowlane Drive will be hooked up to the Madison County sewer system by April 15, 1985, Morris Miles, chairman, announced at Wednesday night's Madison County Special Sewer Committee meeting.

The lagoon will be decommissioned and decontaminated. The hazard will be a thing of the past," Irvin C. Slatte Jr., attorney for the committee, said.

### Celebration Feb. 23 aids Diabetes group

Recipients of research fellowships and grants awarded by the American Diabetes Association's greater St. Louis Affiliate, Inc., will be honored at Celebration Gala '85 Saturday evening, Feb. 23, in the Khorassan Room at the Chase Hotel, St. Louis.

The event will celebrate the local American Diabetes Association Affiliate's success in fund raising during the past year with such events as its 12th annual Bike-A-Thon, fourth

Meadowlane Drive residents will pay the same fee as others hooked up to the Madison County sewer system.

The agreement to hook up with the county sewers was just reached at 4 p.m. Wednesday, it was announced.

The board also agreed to reimburse the owners of vacant lots that had been erroneously billed from March 1982 to September 1984.

The committee approved a proposal by Gene Futch, sewer superintendent, to purchase the district's three telephones from

AT&T to save money. Currently they are paying approximately \$60 a month, costing them more than \$700 a year. By purchasing the telephones for a little over \$1,000, the district will save money, Futch said.

The board also agreed to reimburse the owners of vacant lots that had been erroneously billed from March 1982 to September 1984.

Also approved by the committee was a request for a new beeper, cleaning rags, line plugs and a radio for the new truck.

Leading ADA fund-raising events will be highlighted in a special Showcase to display during cocktail hour. Jack Engler and his orchestra will play for dancing and following dinner. Tickets for Celebration Gala '85 are \$1,000 for a table, \$800 for a table, \$200 for individual tickets and \$100 for individual tickets.

Tickets can be obtained by calling the American Diabetes Association at 1-314-968-3196.

"One of the exciting features of the program is that it offers the opportunity for different groups to come together and work toward a common goal; that is, the economic health of our community," James Pennekamp said.

### CHARGE SIX YOUTHS AFTER GC INCIDENT

Receiving a report of a large group of youths fighting in the street in the 2100 block of Cottage Avenue, police arrived in time to see a vehicle leaving the scene, which was stopped at Cottage and Franklin avenues, while several youths remained standing in a front yard.

The car, driven by Dennis B. Gaudreault, 17, of 716 Franklin Blvd., who was driving and was charged with illegal transportation of alcohol, and a 16-year-old Granite City youth and Joseph M. Segobiano, 18, of Wood River, both of whom were charged with illegal possession of alcohol.

Also charged with illegal possession of alcohol were Brent A. Cook, 17, of 3913 Franklin Ave., Michael J. Houston, 17, of 3121 Ash Ave., and Christopher J. Smith, 17, of 2900 Samson Drive, who were at the scene of the alleged incident.

All were taken to police headquarters and released on their signatures to their parents, pending hearings.

### Drive underway to retain local industries

During the month of February, representatives from the Tri-Cities Area Chamber of Commerce, city governments and the business community are beginning a promotional drive for the Tri-Cities Area Industrial Retention Program. This local effort is part of a regional program being conducted under the auspices of the Leadership Council of Southwestern Illinois, which serves both Madison and St. Louis counties.

In explaining the program, Jim Pennekamp, executive vice-president of the chamber, noted that most of the local and regional economic development efforts have been aimed at the attraction of new business and industry. "Although this is important to the future of the area, the retention of our existing employers is vital to our present well-being and essential if we are to experience real growth."

The first phase of the retention effort will include visits to area manufacturing employers in an effort to familiarize them with local, state and federal assistance programs.

These are designed to maintain or improve profitability and include the areas of job training, management assistance, fixed asset financing.

## Seminars on horse & hog health

By RONALD E. CORNWELL  
Extension Advisor

A horse health seminar will be held this evening at 7:30 at the Extension office, 900 Hillsboro, Edwardsville. This program will cover first aid for horses. This includes colic, how to recognize it and prevent it, dealing with wounds and injuries of the horse, foaling problems and other emergencies.

Can you recognize potential problems around your horse lot? This program will help you recognize such problems as white snakeroot and weeds, moldy corn, moldy corn problems, rabies, selenium deficiencies and sleeping sickness in horses.

Parasites are a major problem with horses. The speaker will cover selected topics on parasite control programs and proper use of most drugs, latest university research in parasite control and drug resistance problems.

Problems with feet and legs are another major situation to deal with in horses. The speaker will cover lameness problems in horses. He will also discuss corrective shoeing to treat lameness.

The speaker for the horse health program will be Dean Scoggins, University of Illinois horse veterinarian.

### SWINE SEMINAR

An area swine seminar will be held Wednesday, Feb. 20, from 10 a.m. to 3 p.m. at McKendree College in Lebanon.

The program will cover a wide variety of topics of interest to the swine producers in Madison County. The featured speaker in the program at 10 a.m. will be Gilmer Hollis, University of Illinois swine specialist. Hollis will discuss using visual traits and progeny testing for selecting replacements plus the use of swine indexing.

### Deadline near for low-interest loans

State Senator Sam Vadala (D-Edwardsville) today reminded potential homeowners in the 56th legislative district there is still time to register for low interest mortgage loans to be drawn Feb. 28 by the Illinois Housing Development Authority.

IHDA has almost \$130 million in 30-year, fixed-rate mortgages that will be offered at 10.78 percent, a loan rate almost 2.5 percent below current market rates, to qualified buyers in the 56th district, according to Senator Vadala.

"This is the fifth mortgage package Illinois has offered potential home owners, and it's the largest yet," the senator said. "The Affordable Mortgage Program has been highly successful in helping families find a home they could not afford without the help of this program."

IHDA officials estimate this installation of the Affordable Mortgage Program should provide about 2,800 mortgages for single-family homes, condominiums and small, owner-occupied buildings of up to four units. The loans are available in all 102 Illinois counties through April 1.

Price ceilings on new and existing homes will be used, as well as a \$50,200 annual household income limit. In some areas of the state, restrictions on the home owner's income may also apply.

Senator Vadala said an IHDA hotline is available from 9 a.m. to 5 p.m. Mondays through Fridays for persons with questions about the program. The hotline number is 312-938-3990.

### Hospital notes

Among the patients admitted to St. Elizabeth Medical Center were:

Feb. 8 - Brenda Hart and Linda Hall, both of Granite City.

Feb. 6 - Linda L. of Granite City, and Angela Price, Collinsville.

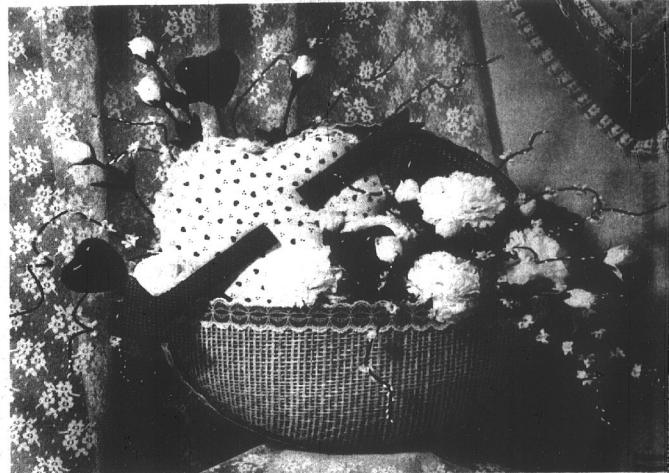

Feb. 5 - Richard Cathey, Joe Novesel, Shirley Harshaw, all of Granite City; Pat Blanton, Collinsville.

Feb. 4 - Kathleen Grimes, Marilyn Humphrey, Kenneth Turtell, all of Granite City; Melinda Bradford, Godfrey; and Rickey Curtis.

Jan. 29 - Annie Johnson, Madison; and Helen Bjork, William Ezell, Esther Lee and Bernadine Huffman, all of Granite City.

### Mrs. Lela Gunning designs a Hearts and Flowers basket

the full-size patterns in the Special Pattern Section.

The second phase-cut one basket in half with wirecutters or heavy-duty scissors. Spread glue over cut portion of basket weaves and lay your two pieces of wire and fold them in half. Line up half basket to bottom rim of whole basket and glue together. Wire baskets together at top where half basket meets whole basket and two points 5 inches apart at basket's bottom.

Twist wire ends together inside basket, cut to 1-inch, and hide them in seam between baskets.

Step 3-glue ribbon across cut portion of half basket and around rims. Let dry. Glue beading lace over ribbon.

Cut two 14-inch lengths each of ribbon and beading lace. Glue lace to basket and let dry. Tie in bows and wire to basket where cut edge of basket meets the woven basket.

Step 4-loop hanger of one plastic heart over hanger of a second heart so one dangles below the other. Loop hanger of top heart over a bow wire.

Repeat with two other hearts. Use 3-1/2-inch lengths of arrow pattern in the pattern section onto tracing paper. Cut arrow pieces and two hearts from cardboard. Adding a 1-inch seam allowance, cut one of each arrow piece from pindot fabric and two hearts from heart print fabric.

Step 5-cut 1-inch slits at corners and points of arrow pieces and at 3/4-inch intervals around fabric hearts.

Center cardboard pieces on wrong side of fabric hearts. Put edges up and pin each piece of cardboard leaving areas between X's open. Stuff lightly, using eraser end of a pencil to position stuffing. Glue openings closed and let dry.

Step 6-glue gathered lace around back of first heart to back of heart, then glue second heart to back of first. Glue arrow pieces to heart so points downward.

Step 7-glue gathered lace around back of second heart to back of heart, then glue first heart to back of second. Glue arrow pieces to heart so points downward.

Step 8-place styrofoam in bottom of basket and stuff with a handfuls of excelsior around it. Glue floral stems to backs of remaining plastic hearts. Let dry. Arrange stuffed and plastic hearts and silk flowers in basket, inserting stems in foam. Use the color chart as a guide.

Step 9-make a hanger, insert peg hook through weave of basket at center back, approximately 4-inches from top.

### IDOT plan to change ownership of streams

An Illinois Department of Transportation plan to take over ownership of the lakes and streams in the state of Illinois was discussed by members of the Nameoki Township Board of Education.

Gordon Gass, a resident of the township, informed board members of an upcoming meeting to discuss the plan. The meeting will be conducted at 7 p.m. Thursday, Feb. 28, at the Collinsville Holiday Inn.

According to Gass, a decision will be announced on the plan by March 15.

Township Supervisor Harry Briggs said he will attend the meeting. "This (plan) could be very vicious," he commented.

Briggs said a takeover of the lakes and streams could cause delays in the upkeep of the ditches, since a permit would have to be obtained each time one would be dredged.

## CLIENTS ASK ABOUT PRE-ARRANGED FUNERALS AND PRE-FINANCING FOR FUTURE RECIPIENTS OF ILLINOIS PUBLIC AID

Today, almost fifty percent of all nursing home residents are clients of the Illinois Department of Public Aid or may soon become clients.

They and their families regularly express interest in making funeral arrangements. This is a valid concern. Properly coordinated, pre-financed funeral arrangements can assure an individual that funeral funds can be available for himself or his loved ones.

Failure to make arrangements in advance of applying for Public Aid assistance is frequently an innocent oversight by the individual or those who care for him or her. The result can be that personal funds allowed for the funeral are limited to \$1,500, whereas with advance coordination with the funeral director, an individual or his family or conservator can readily provide for a funeral of his or her choice, up to \$3,000.

If you, a relative or a friend are in circumstances that may ultimately lead you or him to becoming a client, it is important that you know your options in selecting funeral services and merchandise in advance of need and PRIOR to applying for Illinois Public Aid.

### Proverbs 6:2 "Thou art snared with the words of thy mouth."

Trapped by your own conversation! Broke your verbal bondage and held there by the words of your mouth. Even small problems are magnified by constant repetition.

Avoiding problems will not cause them to disappear. We must think and talk of solutions, not problems.

With God all things are possible. Say what you feel and let it go. Listen until you feel like God will make a way for you. Read your Bible. Study the Word of God. Listen to the Word of the flowers. He is not a respecter of persons. He will do for us what he does for others.

# Banks, Hall share P-R Athlete of Month honors

By JOE THOMPSON  
*of the Press-Record*

You might not think it from the WAY they play basketball, but Reggie Banks of Madison and Jesse Hall of Venice are, after all, mortal.

For instance, did you know that Banks, a 6-foot 4-inch senior, likes to play checkers? He generally finds time to play after school and before practice begins.

"I'm alright," he says smiling, when asked how good his checker game is.

Jesse, in turn, thinks he might like to coach basketball some day. He says he worked with kids three summers ago, and liked it. In fact, he says he had hoped to instruct kids this past summer during a basketball camp, but the plan fell by the wayside.

**YOU MIGHT** say Hall, a 6-foot 2-inch guard, has enough time before settling into a coaching career. He's only a sophomore.

Mortal-like interests aside, put a

basketball in their hands and the two do things most of us can only dream about.

Banks and Hall are the Press-Record's Co-Athletes of the month for January.

Both are the leading scorers for their respective teams, which are among the best in the area. Banks is averaging 20.4 points per game for the 15-6 Trojans. Hall is finding the bottom of the nets at a rate of about

20 points per contest for the Red Devils, 19-3.

**JOHNSON** Banks and Hall as Honorable Mention are Scott Cant, of the Granite City Warrior basketball team; Kim Stanley of the Trojans' basketball squad and Alicia Melton of the Warriors' girls basketball team.

In Banks, the Trojans not only have a high scorer to complement a cast of such adroit players as DeLoyd Williams, Anthony Valentine, Jessie Bennett, and Anthony Newton, but an accurate marksman.

Banks has made good on 65 percent of his shots from the field.

"That's a tremendous statistic," says Trojan coach Shirley Watson.

**IT WAS** his clutch shooting, however, Banks reckoned when looking back over highlights.

He thought back to a tight moment in the waning seconds against Triad.

"We were up by one," says Banks.

"There were 17 seconds on the clock.

The other team had the ball. I stole it (a pass). While I was dribbling, someone slapped the ball out of my hand. They got the ball again. They gave the ball to their best shooter. I blocked the shot."

The Trojans actually were ahead by two points, but you get the idea. "That's what I like," says Banks. "I like to get out of sticky situations."

**A SENIOR**, Banks has attracted considerable interest from colleges including, he said, Iowa State, Kansas State and Pennsylvania.

You might say he has a mature outlook for the future. "It's a chance," he says about professional basketball. "I'll go as far as my ability will allow."

Says Watson: "Give him shy of a basketball paying career. Banks, 'I know that I'll be guaranteed four years of school."

He plans to take full advantage. "I'll go to school and try to have a successful life," he says.

**A FUTURE** line of work? "I expect

to go into construction technology," Banks says. "I'm making straight A's in that subject now."

You might say Hall is also making straight A's in top marks in generation and documentation.

"He could be one of the best players to come out of this area that I have seen since I've been here. And I've been here nine years," says Jesse's coach, Clinton Harris, Jr.

And Harris notes, "He could be a whole lot better than what he did today."

There is one condition, though. "He just continues on listening and keeps his head together," says Harris who, as a former professional basketball player, probably is a good judge.

Jesse is listening. "There's always room for improvement," he says.

**THE FACT** Jesse is playing this year could be considered a step forward. He turned in his uniform shortly before the start of fast

### Warrior matmen edge East, meet Springfield

#### Team Wrestling

By ALAN L. GERSTENECKER

*of the Press-Record*

**GRANITE CITY** — It's called team wrestling. The best team of one regional meets the best of another. Best against best. Wrestling powerhouse against wrestling powerhouse.

That's the way it was Tuesday night at Granite City High School's Memorial Gymnasium. Two matmen clashed, battling for coveted team points.

Bellefontaine East, 10-4-1 and the best of Caboki Regional, met Granite City, 24-3, last night in the Collinsville Regional. And boy, was it a good one.

**THE WARRIORS**, who twice finished ahead of the Lancers in three previous meetings this season in dual competition, were the Southwestern Conference Tournament bettered Belleville East 29-20 in Sectional Team competition that very night went down to the final weight class by a close call. It was determined, East's victory over Granite City came during the Holiday Wrestling Tournament.

"It was close," said Warrior wrestling coach Bill Schmidt. "Two dogs gone close for me."

Worried? Schmidt said his off-ice, afterwards, now settled somewhat. "I'm not worried. All I kept hearing all week was how upched up they were after winning their regional. I thought it was going to be rough, but not this rough."

**DOSE AND DROUGHT** are hardly fitting adjectives to describe the match watched by nearly 300 people. More befitting, perhaps, are tense, sensations overwhelming. And even those words fail to accurately describe the expressions on the faces of both Schmidt and Lancer coach Urban Baum during and after the match.

"It was almost like it did tonight," Baum said. "It was a very good match, but we just came out behind. We knew if it were close (physical) conditioning would be a factor. That conditioning didn't go in their favor, almost."

Almost. That again seemed less than an accurate way of describing the evening's action.

Perhaps, **ALMOST** is better.

**THE LANCERS**, 10-4-1 lead in team points when Jeff Cotter designated the Lancers' Dennis Palmer in the 98-pound class.

East took a 6-3 lead in the next class, 126, when Jim Arendell, one of the Lancers' seven regional champions, pinned Rich Wilson in 5:11. From then on East won the next four matches by as much as 20-2 after the Lancers' 145 pound Ken Baldwin edged Mark Whitaker 4-3.

But it was at that that the upper weight class matmen decided to take things into their own hands.

It was at that point that Mike Fenoglio, 155 pounds; Steve Knogl, 167 pounds; Tracy McElroy, 185 pounds; and Kevin Prindable, 197 pounds, had decided that they'd seen enough to lopside the score favoring East.

**IT WAS** at that point that these three displayed their individual strengths in this "team" wrestling format. The braved individuals started a tourney which featured the efforts of many others.

Fenoglio, a junior, overwhelmed East's Herbie Brydon 18-0 for a superior win and five much-needed points to move the Warriors to within three, 20-17.

**JUST WHEN** defeat seemed imminent, Greer managed a reversal of Massie with two seconds left to register the 7-6 win.

"We talked to each other. Talked about winning," said Greer. "It seemed like we were going to do it. All we did," Greer said, admitting he was battling a winter cold in addition to the 7-6 win.

**A MASSIE** pin of Greer would tie the team scores at 26, and give the match to Belleville East by virtue of its 10-3 record, or so it was thought.

Massie took an early lead with a takedown, but Greer managed an escape and a takedown of his own to lead 2-2 after the first period.

With an unchanged score after the second period, Greer took a three-point lead in the third period by scoring a reversal, 5-2.

But then Massie scored a reversal of his own and then a two-point near fall to take a one-point 6-5 lead.

Along the way Fenoglio managed five near falls to Brydon, three of them in the overtime period.

Then it was Knogl's turn. This soft-spoken giant worked over East's Bill Clark to a tune of 14-3 for a major win and four more team points, enough to give the Warriors a one-point, 21-20 lead. It was a lead that the Trojans hadn't held since the meet's first match.

**NOT TO** be outdone by his two lesser weight teammates, McElroy manhandled the Lancers' Rick Barrett for another superior win, the Warriors' second of the evening. McElroy's 2-0 record was good enough for five points and improved the Warriors' lead to six, 26-20.

Then came the climax.

Greer's a senior and a fourth-place finisher in the Collinsville Regional was to meet Scott Massie, a first-place finisher in the Cahokia Regional and the person who pinned him two weeks before in the Southwestern Conference meet.

It was Massie, said Greer, who twice managed to pin him in his first two weight classes.

## SIUE squeaks by Lindenwood College

By JAMES BLASINGAME

*of the Press-Record*

EDWARDSVILLE — The Southern Illinois University at Edwardsville men's basketball team held off a feisty Lindenwood College squad Wednesday night to post a 53-47 victory and give the Cougars two consecutive wins for the first time this season.

Against Lindenwood's Lions, SIUE played an aggressive, switch-

ching man-to-man defense, but the Lions were deliberate on offense — almost boring. Lindenwood waited patiently for an opening in the SIUE defense, and when it came, they flicked the ball to Lions cutters down the lane or sneaking up the baseline.

**OFFENSIVELY,** the Cougars were kept at a distance by Lindenwood's tight zone. Good outside shooting by guard Kenny Stanley, a Madison

High product, kept SIUE close throughout the first half while Stanley's 15-foot jumper gave the Cougars a 25-23 lead at the intermission.

With 15 minutes remaining in the contest, SIUE had an 11-point cushion at 36-25. After a Lindenwood timeout at 36-25, the Lions slowly began chipping away at the Cougar lead. Lindenwood's Earl Austin was the

Austin nephew of former National Basketball Association great Wes Unseld, dropped in several turnaround jumpers from inside the lane, as the Lions crept back to within three points at the five-minute mark.

**"AUSTIN** scores against anyone," said Lion coach Bob Benben. "Our game plan is to get the ball to him. We don't want any shot outside the paint."

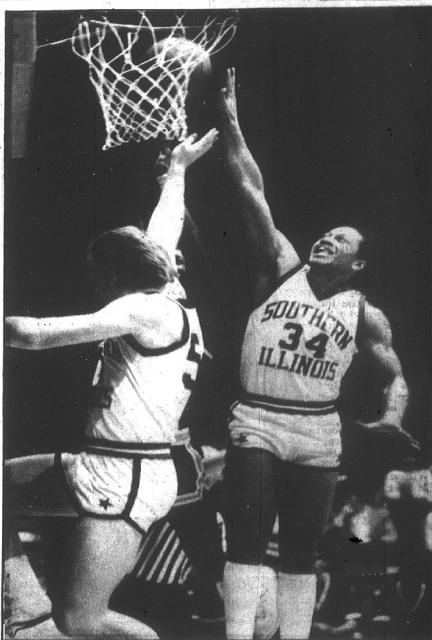

Lindenwood had a chance to cut the deficit to a single point, when guard Kevin Kiner found himself open inside with a five-footer. But Stanley stuffed the shot and came away with the basketball. The Cougars then drove the ball down the floor and maintained a three-point spread the rest of the way.

The win upped SIUE's record to 7-17, while the Lions fell to 10-20.

**AFER THE** game, Cougar coach Larry Graham didn't mince any words in analyzing the contest.

"It was a very poor performance," Graham said. "Lindenwood is not a very good team, and we were not very good as a competition. We just beat Wright State (39-38), and tonight was a tremendous letdown."

"We had too many turnovers, too many missed layups, and we could not stop them from running their offense," said Graham. "We didn't play very well, but we'll take it. Like Shakespeare said, 'A win is a win.'"

**BLOCK THAT SHOT.** Southern Illinois University at Edwardsville's Mark Martz and Dwight Newsome, 34, attempt to block the shot of an unidentified Lindenwood Lion during Wednesday night's basketball game at SIUE. The Cougars won the contest, the second in a row and seventh of the season.

## Whip Bunker Hill

## Devils look toward St. Paul

By JOE THOMPSON

*of the Press-Record*

VENICE — For the St. Paul Vikings, one word of warning when they invade Venice Friday night to play the high-flying Red Devils — owners of a 13-3 record.

**Beware.** Jim Hafka, head coach of the Bunker Hill High Minutemen, emerged from the visitor's locker room with a smile and a few words. Hafka, one of the classiest and most knowledgeable coaches in the area, looked as if he had been through an earthquake — one of those "5's" on the Richter Scale — from the look of him. His hair even looked ruffled.

**THE TWO** words, "To hell with you," Hafka said, and he looked down and the floor and shook his head sideways.

That summed it up. Venice's Red Devils were on, shot, rebounded, slammed and jammed. Hafka's Minutemen to one of their worst defeats ever. 75-45.

A triumph, of which Hafka added some more. "You can stop reading now, St. Paul," he said.

"We've never been blown out of a ball game. That's not only the best team we've met, that's the best team we've seen," Hafka said. "By far."

**IN THE** game, Venice's Damon Harris turned in the greatest game of his career (30) points, and teammate Jesse Hall missed a dunk that probably was even more spectacular than the one he made.

**Q:** Could you explain exactly what is meant by the term "power of attorney"?

**A:** Basically, power of attorney is a phrase used to describe a written document through which you (called the principal) give someone else (called the agent) the authority to perform certain specified acts on your behalf, under certain specified circumstances. Powers of attorney can be general, limited, and they need to deal with such areas as personal finance or real estate. As an example, if you are hospitalized or infirm for a lengthy period of time, and unable to pay bills, withdraw cash, etc., you are legally able to give another person the authority to take over those functions for you. There is also, in many states, what is called a durable power of attorney. The durable power of attorney is one that can still be used when the principal becomes incapacitated mentally, in this case, the agent's authority continues unless the principal was incompetent when he or she signed the original document of power of attorney. All powers of attorney end when the principal dies.

Against the Minutemen, the Red Devils played as if — well — as if they do things together like drink milk and eat donuts sometimes after Saturday practices and also worship with one another when Church day comes.

In another word, "Together."

"That's the whole thing," a beaming Red Devil coach Clinton Harris, 47, said. They played together. They played team ball. Good team ball."

**THE CONTEST,** which saw the Red Devils put on another gold star fourth-quarter effort, did not come without an uneasy moment for Harris, however.

Late in the fourth quarter, as the Red Devils were on their way to outscoring Bunker Hill 20-5 (including one stretch of 16 straight points), Venice's Hall soared high in the air and brought his hand, holding the ball, crashing down toward the ball.

Now, before we tell you what happened, let's back track a few minutes.

**HARRIS**, who sat out much of the first half with a sore back, got up and trouble, successfully jamming the ball midway through the final quarter. It was one of his patented, double-pump-before-the-stuff maneuver. In another word, spectacular.

Even much earlier was the one-handed dunk by Ed Ware.

Darren Wise, the Red Devils rebounder, was asked to judge each of the dunks on their degree of dazzlingness. "Both were good," he said.

You see the picture. With that in mind, let's return to Hall's second stuff attempt. He missed. That's right. Hall's power jam attempt caught the back of the rim.

**EVEN** in missing, however, Hall would've been graded a "10" by Olympic standards. The dunk attempt miss boomed off the rim high into the air.

One person — as if discussing the flight of a Reggie Jackson home run — said he thought the ball ran the length of the gymnasium. Another said the ball deflected off a light beam.

Whatever, the ball landed in the second deck of the gym.

In truth, it wasn't a good night for "the stuff." With 15 seconds left, he attempted another dunk, but seemed to stumble on his final step to the rim. The ball caught the front end and, when Hall's hand touched the rim, he was called for a technical foul.

**"THE TWO** Jesse missed. I don't know what to say about that," said Wise.

But Harris had plenty to say about Hall's first miss. In launching off high into the air, Hall landed among a mess of players. About the same time, the ball hit the rim and off of his feet gesturing Hall to the bench.

What did he say? "He said don't get hurt," said Hall.

"I don't mind them dunking," said Harris, "as long as they're wide open."

So, it's come to that. Many teams would rejoice in having players able to dunk. The Red Devils are at the level they seek the proper conditions before dunking.

"IT'S nothing but a crowd pleaser," said Harris. "It's a good way if they can get hurt."

While Hall pleased the crowd when he dunked and when he missed a dunk, Damon Harris brought home the bacon.

That is to say the 5-9 Harris, a senior, was the main force behind the big victory with his game career high of 30 points. Harris connected on 14 of 19 shots.

**SPRINGFIELD** — Two new publications to help the anxious angler while away the winter hours are now available from the Department of Conservation, according to DOC Director Michael Witte.

Single copies of "1985 Illinois Fishing Prospects" and "1985 Illinois Fishing Information" can be obtained by writing the Department of Conservation Division of Fish and Wildlife Resources, 524 S. Second St., Springfield, IL 62706.

**ILLINOIS FISHING PROSPECTS** summarizes where anglers can expect the best fishing for 23 sport fish species. Witte said, "The publication, based on information provided by DFC fisheries biologists, lists the bodies of water where anglers are most likely to catch the species they fish for, the baits those species are most likely to bite, the time of year to fish for them, their average size and the locations where they are most likely to strike.

The eight-page, tabloid publication also contains information about

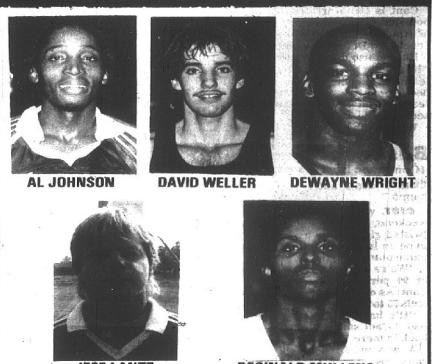

the state's annual Big Fish and Record Fish contests.

"Illinois Fishing Information" is a wrap-up of the state's fishing laws and regulations. It provides information on licensing requirements, and statewide catch and size limits, Witte said.

Illinois anglers should welcome both these annual publications," Witte said. "We know of some expert fishermen who request 'copies' as soon as they are published and use them to plan their first fishing trips each spring."

**GRANITE CITY CENTER ATHLETE of the WEEK**

Al Johnson, Jeff Lantz, Reginald Mullens, David Weller, and Wayne Wright, these five young men have all been honored as Granite City Center Athlete of the Week for February 5-11.

Why the unusual award? Due to academic eligibility problems, the GCC basketball team has been reduced to five players. In games this week versus Florissant Valley and Meramec Community Colleges, the Stars "only five" displayed a tremendous effort. Going up against the opposition with five guards (and not one player over 6'2"), the Stars battled on even terms until one of their five fouled out.

Against Flo Valley, GCC lost 61-58 and finished the game with three players. Against a Meramec team that had won 5 of their last 6 games, the Stars were leading by 5 in the second half, eventually losing 71-65, again finishing the game with three players.

Coach Tom Collier said, "We cannot be satisfied yet; we can improve further, and post a few more wins. Still, these five players have earned the respect of every opposing player, coach and fan. Our last home game is Feb. 14 against Belleville. I really hope basketball fans in Granite City come out this Thursday night and see these five guys. They're really something else."

### GCHS hosts IHSA Sectional

By ALAN L. GERSTENECKER  
Sports Editor  
of the Press-Record

GRANITE CITY — Participants from 11 high schools from different regions will descend upon Granite City High School Friday night as the Warriors host the Granite City High School Class AA Wrestling Sectional.

The tournament is one of seven statewide.

Beginning at 6 p.m. Friday, the Warriors will send nine individual qualifiers in addition to a double team which has qualified for the Sectional Team Championship which will follow the individual finals on Saturday night. The Warriors earn their berth into Saturday's team championship by defeating Belleville East 29-20 Tuesday, (see related story).

INDIVIDUAL qualifiers for the Warriors include Jeff Cotter, a first place finisher in the 98-pound division, and Collinsville Regional, Brett Carnes, a second place finisher at 119 pounds, Vince Scheck, a 126-pound regional champion, Steve Knog, the Warriors' 137-pound regional champion and Rich Wilson, Gary Martin, Mark Whitaker, Mike Fenoglio and Tracy McElroy who were all third place finishers in the Collinsville Regional at 105, 112, 145, 155 and 160 pounds.

Preregistration and first-round action will be the business of the day Friday with second round and semi-final action getting underway Saturday at 10 a.m. The competition, as mentioned, begins at 6 p.m. Saturday.

Ticket prices for each session is \$2 for students and \$3 for adults.

THE SECTIONAL team champion, plus each weight class, will advance to next weekend's Illinois High School State Wrestling Tournament in the University of Illinois' Assembly Hall. State competition

begins next Thursday, Feb. 21, at 9 a.m.

This year's tournament is different for the Warriors in the sense that they are not only entering the section in sending individual qualifiers to the championship, but also the entire team via the team competition format.

In only its second year, the team competition is an added attraction. Warriors coach Bill "Red" Schmitt believes the team will be very popular.

"IT WAS the first year for it last year and there was a lot of people who didn't like it, saying they didn't like the way it was run. I'd much rather be wrestling (Belleville) East than Granite City at their place. I know Granite. Oh, boy do I know Granite. I've been dancing to their music for my 22 years of coaching," Schmitt said.

Despite Gardner's high expectations of the Warriors, Schmitt is pragmatic enough not to take anything for granted.

"We're going to be tough. Real tough. All we can hope is that we can surpass them the same way Belleville East did us tonight," Schmitt said Tuesday.

GRANITE CITY AND Springfield City and Springfield-Salem have not met this year, they do have one team in common, Roxana.

ROXANA, THAT COMMON denominator of sorts, lost to Springfield-Salem 14-13 in their second dual meet. Although the Warriors did not tangle with the Shells in a dual meet, they did manage to defeat them in a quadrangular meet in Roxana, Mo.

IN THE Sectional Team Finals, the final leg of competition before qualifying for a team, the Warriors will meet Springfield-Salem. With a day off Saturday over Belleville East, the Warriors are 24-3 in dual meets this season.

THE SPARTANS have amassed some impressive credentials of their own, winning the Springfield-Lancaster Regional and then breezing to a 47-9 victory over Herlin, the Mu-

rboro Regional team champion, on Tuesday.

Like the Warriors, the Spartans have qualified numerous wrestlers for individual and team honors at this weekend's sectional tournament.

Most notably, their 98 pounder, Bill Wake, a 25-3 junior; Mark Gardner, a 34-0 senior at 138 pounds; Greg Gardner, a 35-2 junior at 153 pounds; and Gary Moyer, a 30-0 senior at 185 pounds. The Gardners are sons of Spartan Coach Jack Gardner.

"WE'RE looking for some tough wrestling in Granite City this weekend," Gardner said to the group. "I'd much rather be wrestling (Belleville) East than Granite City at their place. I know Granite. Oh, boy do I know Granite. I've been dancing to their music for my 22 years of coaching," Schmitt said.

season when he didn't like the position (forward) Harris had penciled him in at. But he's back now, and has provided a spark for a team that has been a bit flat. Deterding's stalwart Darren Wise, defensive whiz Victor Jackson, scorer Damon Harris and consistent Charles Milton.

The spark? It's spelled S-L-A-M.

Hall said, "Harris' eyes are to the dunk. 'He fixes me,' he says about the dunk. 'The dunk is not the whole thing to basketball. But I play the game for excitement... If a dunk comes to me, that just makes me feel better.'"

"No, I don't say dunk, either. 'A real good dunk,' he says. 'An average dunk is no big deal. I really feel if I can get a (good) dunk, it psyches us up.'

SCOTT CANT (Warrior basketball): The 6-5 Cant, a senior, had been hurt by his ankle. It probably wasn't much of a coincidence that, with Cant in the lineup, the Warriors were on a roll.

Cant is the Warriors' leading rebounder, with 113 boards, and is one of their best defensive players, coach Don Deterding points out.

But he also offers something else. "It seems he is the spark of the team," Deterding says. "When he does something well, it sparks the team. When he starts going well, it seems we go well."

Witness the alley-oop dunk shot

Cant and guard Joe Gray collaborated on, which ignited the Warriors' to their victory over Alton.

Cant has also greatly improved during the year. Deterding points out. His present scoring average is 12 points per contest. In his last five or six contests, however, he averages 16 points per game. In addition, Cant averages 11 to 12 rebounds per contest during the stretch.

"So he's really improved," Deterding said.

Cant played sparingly during the Warriors' weekend losses. "I'm not sure what the reason for the (losing)," Deterding said. "But we'll be glad to get him back. He'll be able to go this weekend."

KIM STANLEY (Trojanettes' basketball). At 5-4, Stanley has reached some lofty heights this season in what has been a rebuilding year for the Trojanettes. She, along with coach and team captain, has clipped the nets at a rate of about 17 points per contest.

Against Greenbush in the St. Paul tournament, Stanley's gamely effort zoomed off the score chart. She tossed in 35 points. Not bad for a player who generally finds herself looking up at her taller opponents.

"She's just a good ballhandler," Galbreath said.

She exploded for 24 points in an overtime loss to Belleville East, her first game in the Trojanettes' game. She tossed in 18 points in a victory over Madison.

No telling what she might achieve next weekend as she hasn't sprained her ankle, which forced her to sit out for the first game and limited her effectiveness when she returned to the lineup. "She had been doing exceptionally well," pointed out Galbreath.

### High school physicals given Feb. 27

With winter sports beginning their final leg of the season this week, some people are beginning to think spring, particularly Granite City High School Athletic Director Greg Patton.

To be sure that the spring sports programs get off on the right foot, Patton has slated Wednesday, Feb. 27, as the day that physical examinations will be given at the high school. The exams, which cost \$5, are necessary to participate in spring sports.

Athletes who wish to participate in sports this spring who have not had a physical are encouraged to come in now, Patton said.

The physicals will be given in Memorial Gymnasium, for both boys and girls, beginning at 5 p.m.

### Jaeger is 302 in marathon

John Jaeger, a former Granite City resident and a 1964 graduate of Granite City High School, recently completed the Long Beach (Calif.) Marathon in Southern California.

Jaeger's time of 3:06:27 was good enough for 302 place of a field consisting of 3,469 runners.

Jaeger now lives in Irvine, Calif., with his wife and daughter. He holds a master's degree in business administration and is active in industrial real estate.

## 'Royal Day' for retiree Rose Gum

By VALERIE EVENDEN  
of the Press-Record

When Rose Gum began work for Charlie Hester in 1958, she really didn't expect to stay in his employment for the next 27 years. But, she did and became a fixed asset at his various enterprises.

Rose retired recently after "staying on the feet" for more than a quarter-of-a-century at three of Charlie Hester's restaurants, starting with Ralph & Charlie's in Madison, the Luma Cafe in Mitchell and the "current" restaurant and lounge at 120 N Main Street.

**HER FOLKS** are a player definitely appreciates Rose's faithful work record and loyalty, and, together with her fellow employees, made special arrangements to ensure her last day on the job was a memorable occasion.

At 8:30 a.m., the 65-year-old Mrs. Rose came to Granite City when she was 9 years old and attended St. Joseph and Sacred Heart parochial schools.

She's lived in Granite City for 39 years and recently was watching the Ken Theatre being constructed, years ago, at the same location where Charlie's now stands.

**THE THEATRE** eventually was remodeled and turned into the Rose Bowl Restaurant by Claude and Orla Hester, who later was purchased by Charlie Hester.

Since his ownership, the business has been remodeled at least twice more; once after a devastating fire, and renamed Charlie's Restaurant again.

Not only has Rose Gum worked at jobs outside the home nearly all her life, but she successfully raised two sons, mostly by herself.

**HER HUSBAND**, John Gum, died in 1950 and prior to his death she helped him run their dry cleaning business at locations in Madison and in Granite City.

"I was pretty strict with the boys, but they are good ones. I'd fight anyone for those two boys," she stressed, laughing.

Her sons' daughters-in-law are Gene and Pat Gum, who live in Monroe, La., with their five children, and Richard and Janet Gum, who reside in Alton with their two daughters.

**AMONG THE SURPRISES** presents arranged for Charlie Hester was an air-line flight certificate to enable Rose to fly to Louisiana to visit her oldest son and family.

From Hester and her co-workers at Charlie's, the retiree also was presented a gold ring, embellished with a diamond, a diamond bracelet and a lifetime certificate which affords her the opportunity to dine without charge at any time at Charlie's Restaurant.

"They gave me a beautiful cake and many greeting cards, some containing gifts of money," she said.

### Charge woman in battery of child

Diane M. Armes, 23, of 2407 Kirkpatrick Homes, pleaded guilty in a court appearance to a charge of aggravated battery to a child.

Bond was set at \$75,000 and a mitigation was issued. She was transferred during the weekend to the Madison County Jail at Edwardsburg.

The charge was contained in an informational document issued through the Madison County state's attorney's office and a warrant was served.

The felony charge resulted from an alleged incident involving a 1-year-old boy who was brought to St. Elizabeth Medical Center by the Armes woman for treatment of a bump on his head at 8 p.m. Jan. 30.

Police entered the case when an examining physician determined the child suffered a possible skull fracture and another physical abnormality was noted, causing medical personnel to believe the child may have been battered or otherwise abused.

The woman said she was sitting the child for his father, who was at work at the time. The youngster's head struck a basket that was inside the crib, it was alleged.

**ROBBED AT KNIFE POINT** IN GC COMPLEX ALLEY

John L. Rutherford, 22, of the 2100 block of Grand Avenue, was robbed of \$185 at 10:20 p.m. Tuesday in the Kirkpatrick Homes housing complex.

Rutherford told officers that two young men took the money after displaying a small pocket knife. The robbery occurred in an alley between the 3900 and 4400 blocks of Kirkpatrick Homes.

The pair fled east in the alley and the victim ran along an adjacent alleyway in the housing complex's 2700 block before disappearing from view, the victim reported.

### DRIVER IS INJURED AT TERRACE AND GARFIELD

Denis R. Ridgeway, 30, of 2336 Edgewood Ave., Austin, was injured at 10:30 p.m. Tuesday when his station wagon was involved in an accident on Terrace Lane at Garfield Avenue.

Ridgeway was taken to St. Elizabeth Medical Center by Granite City ambulance transportation. Driver of a second vehicle involved was Simone Ashel Seltz, 21, of 3215 Maryville Road.

"CHARLIE arranged for a professional photographer to record the day's events and he has since given me a lovely album filled with the photographs," Rose noted.

"Lots of people I hadn't seen for quite a while, as well as some of my regulars (customers), came to see me that last day on the job," Rose added.

"It was a most enjoyable day and there was so much going on I didn't leave the restaurant until 5 p.m.," she said.

**ROSE WAS** getting ready to leave for work about 7:30 a.m. on her final workday, when a large limousine arrived outside her house.

The impressive vehicle was chauffeured by Basil Elftmann, who came to the restaurant and escorted Rose to a limousine.

"It was quite a shock, but I got into the car, and found out that Vicki Wallace and Sandy Ousley (co-workers) had arranged it."

"WE WENT to Charlie's and picked up Lynn, Shirley and Karen," said Rose. "We all dressed up and they took me to Shoney's in St. Louis County for a buffet breakfast."

"Over there, the hostess had a decorated cake waiting for me and five of the waitresses sang a Happy Birthday to me."

"They brought me back to Charlie's to say that I thought I was my regular workday, but guess what...they wouldn't let me work at all. They had a table set up for me with a bottle of 27 red roses and a large cake."

"CHARLIE TOLD me to sit down and spend the whole day visiting with friends, so I did," the retiree said. Her brother-in-law and sister, Joe and Mildred Dallas, were among her guests.

"I couldn't help but work for a better boss than Charlie Hester and I never will be able to forget him. He was a wonderful friend and employer," she stressed.

Rose started working when she was 11 years old, doing housework and taking babysitting jobs. At 18, she was clerking at the former Carp's Dry Goods Store on 19th Street and was employed at the lunch counter in Newberry's dime store.

**STORY** SHE began "chief cook and bottle washer" at the Nickel-plate Railroad Restaurant in Cloverleaf Addition, southeast of Madison.

She went to work for Hester first at the Carpet Town in Madison and, afterward, when he bought into Ralph and Charlie's on Fourth Street in Madison, she moved over there.

Rose continued to work with Hester until he bought the Luma Cafe in Mitchell and then on to the former Rose Bowl Restaurant when he took over that enterprise.

She ALSO worked at private

homes when Charlie catered special dinners and buffets, and also at parties for various organizations, plus many other tasks.

"Most people are nice and, if you are pleasant, the customer is too," Rose explained.

She has enjoyed waiting on many people over the years, including entertainer Frankie Laine and former Big Red quarterback Tim VanGard, who frequently purchased Charlie's.

"I'M NOW GOING to take it easy and enjoy life and catch up on things I've missed because I've never had time to do them," she commented.

"I always had to go straight home from work and take care of the boys and just didn't get to do anything."

"My legs are getting a bit tired now, so I've given my uniforms a day off and plan to take it easy," she insisted.

So much for good intentions.

**THE WEEK AFTER** she retired, Rose moved from her house of some years on East 24th Street to a new home on Winters Drive, accomodating much of the moving by herself.

"Now, I can take it a bit easier," she said.

Her friends are a bit skeptical about what Rose considers "easy" and are just waiting to be convinced that she really means it.

**ROYAL TREATMENT** is accorded Rose Gum by her employer, Charles Hester, upon her retirement after 27 years with the restauranteur. Gifts were presented, and many friends and customers greeted the honoree at a special open house at Charlie's Restaurant, following brunch in St. Louis where she was taken in a limousine.

**GM announces 5 additional requirements for new plant**

During the next three weeks, General Motors officials will be conducting state-to-state comparisons and reviewing the 109 site proposals Illinois submitted for the Saturn facility, announced Department of Commerce and Community Affairs Director Michael T. Woelffer, Friday.

"I want to personally thank all communities for their support and dedication to this project. The knowledge of community and site data gained during the past few weeks will prove to be invaluable in determining the best site for this project," Woelffer said.

"We will also be submitting the site proposals that did not meet the requirements for the Saturn facility to GM for consideration on future projects."

Additional information received at a meeting last week on project requirements is as follows:

—GM prefers that the facility be located within 50 to 60 miles of a major university with programs in engineering, metallurgy, robotics and computers.

—GM is interested in provisions for low-cost health service to Saturn

**ROYAL TREATMENT** is accorded Rose Gum by her employer, Charles Hester, upon her retirement after 27 years with the restauranteur. employees.

—GM prefers dual rail service by two separate rail companies at each site, but single rail will continue to be considered.

—Each community should be prepared for a population influx up to 6,000 Saturn employees.

—Quality of life is a major concern to GM officials as they are looking

for a full range of community services and recreational/cultural opportunities.

"After GM narrows the number of states being considered, we anticipate that the site selection process will move quickly. The location of the site will be announced by GM within 90 to 120 days," Woelffer concluded.

### Happy Strings group plans project

At the monthly meeting of the Happy Strings group recently, members discussed several projects, including the organizing of a "tiny tan" dance ensemble, a membership drive and the hiring of Mark Sarich as new director of the group.

The purpose of the Happy Strings

is to preserve and promote East European culture. The group is a youth-oriented tambourine group, which is backed by a parents organization that handles fund raising.

Upcoming fundraisers include

dances at the Croatian Home on the

second and fourth Sundays of each

month. The group also is planning a month-long after-school program to be conducted on the second Saturday of every month at the American Legion Hall in Venice.

The group is currently seeking

children, ages 4 to 12, to perform

in the tan dance group. For fur-

ther information on the group, interested persons may call Gloria Garcia at 451-1528 or Cindy Yobby at 877-6050.

### CONTENDS CHOUTEAU GROUP IS POLITICAL

Chouteaupolis Supervisor Walter "Dick" Sparks issued another statement this week contending that the Chouteau Citizens' Club is misleading senior citizens in the township into thinking it is a non-political group.

The Chouteau Citizens' group is an organization for political purposes to raise campaign funds for their group, "Sparks said.

## County board to consider rezoning for Readymix company

The Madison County Board will consider a rezoning request from Upchurch Readymix Co. when the board meets at 9:30 a.m. Wednesday, Feb. 20.

Joy and Robert Kretsch, owners of the company, and James Upchurch, president of Upchurch Readymix Co., have requested that 10 acres of land along Route 157 north of the intersection of State Aid Route 35 in Collinsville Township be rezoned from agricultural to an R-2 one-family M-3 heavy industrial district. The Madison County Zoning Board of Appeals has recommended that the request be granted.

The county board also will consider a request from James G. and Shirley Ritter, owners of the property, and from MAPCO Corporation, purchasers, to rezone a tract of land from an agricultural district to a B-3 highway business district. The request is to expand the present operation of MAPCO, which is located at the present location in Nameoki Township. The purchasers also are requesting a variation to develop land in a flood area.

The Madison County Zoning Board of Appeals has recommended that the request be granted.

However, the board of appeals has recommended that requests from Barbara J. Trider and Linda Pohiman, owners of the property, and TPL, LTD, an Illinois corporation, be denied.

They have requested a special use permit and a variation to develop land in a flood area in order to establish a natural material landfill in an agricultural district at the intersection of Route 35 and Interstate 55-70 in Nameoki Township.

A request from Apopian, Ross and Funk, P.C., for a special use permit to operate a barrow pit in an M-2 general manufacturing district in Nameoki Township also did not receive the endorsement of the zoning board of appeals. The property is located about 400 feet east of the intersection of Bend Road and the old frontage road.

Other requests to be considered by the county board, which did not receive the endorsement of the Madison County Board of Appeals include the following:

A request from Robert Hugo, owner of the property, for a special use permit to place a mobile home in an R-4 single-family residence district at 2028 Alton Ave. in the

Phillip Ramey and Shelle Knight

**Knight-Ramey**

Mr. and Mrs. Robert A. Knight, Sr., 401 Lenox Ave., announce the betrothal of their daughter, Miss Shelle Marie Knight, to Phillip Edward Ramey, son of Mr. and Mrs. Dale C. Ramey, 2820 Willow Ave.

Miss Knight is a graduate of Granite City High School North and her fiance was graduated from Granite City High School South and

Ranken School of Technology. He is employed as a mechanic for R. W. Hermann Co.

Miss Knight is the granddaughter of Mr. and Mrs. Earl Fronabarger of Granite City, and the late Mr. and Mrs. William J. Noud Jr.

The engaged couple are planning a summer wedding.

**Weddings**

Mr. and Mrs. Glenn Edwards

**Edwards-Boatman**

Miss Jacque Je Boatman became the bride of Glenn Robert Edwards in an early evening candlelight ceremony on Dec. 29, at St. John Lutheran Church.

The Rev. Samuel Boden officiated at the service and nuptial selections were provided by Rich Kindt at the organ.

Parents of the bride are Mrs. Barbara Hodges, 3701 Johnson Road, and Richard R. Boatman Sr., of St. Louis. The groom is the son of Mr. and Mrs. Westley Edwards of Springfield, Ill.

Immediately following the ceremony guests were received by the newlywed Mr. and Mrs. Edwards at a reception hosted at the Coronado Hotel in Madison.

They are now residing in Granite City after a wedding trip to Cancun, Mexico.

Michelle Pitman attended the bride as maid of honor, and Linda Laddins, Mrs. John and Sue Galbraith, Ann Boatman, a sister-in-law of the bride, and Rebecca Edwards and Debbie Edwards, the groom's sisters-in-law.

Mandy Boatman, the bride's sister, the flower girl, and Michael Edwards, a nephew of the groom, served as the ring bearer.

The groom chose Tony Piero as best man. Brad Taylor, Tim Dudley, Phillip and Paul Edwards, brothers of the bride, were groomsmen.

Seating the guests were Darrin Boatman and Kurt Hodges, brothers of the bride.

A 1980 graduate of Granite City High School North, the bride also at-

## Elks Lodge 1063 announces 'Teenagers of the Month'

Granite City Elks Lodge 1063 announced today that Pamela Robeff and Michael Houston have been selected as "Teenagers of the Month" for December. The "Teenagers of the Month" program is sponsored by the local Elks Lodge in an effort to bring recognition to outstanding young adults in the community.

Mrs. Robeff, daughter of Mr. and Mrs. Louis Robeff, 2020 Manley Ave., is a senior at Granite City High School. She is vice president of the National Honor Society and has been active in the Flag Football, Science and Science Club. She also is a member of the Flag Club at the school.

She is active in her church's youth group and her hobbies include playing the piano, bicycle riding, reading and needlepoint.

Michael Houston is the son of Mr. and Mrs. Richard Houston, 3121 Ash Ave., and also is a senior at the school.

He has been active in the National Honor Society, Science Club and Lettermen's Club, having lettered three years in soccer.

The students selected for the special recognition are nominated by their teachers and classmates and are finally picked by a student-teachers panel. Selection is based on multiple achievement, scholarship, leadership, sports and hobbies.

All teenagers of the month throughout the school year are eligible for selection as the two teenagers of year who will be announced by the Elks lodge in June.

## Shipper to aid national monuments

Roadway Express, Inc., is asking local shippers and receivers to "Give Liberty a Lift" by using its transportation service to or from several Eastern states during the months of February and March 1985.

The trucking carrier's goal is to make a minimum of \$100,000 to the National Park Foundation for the preservation and restoration of the Statue of Liberty, the Liberty Bell Pavilion, the Washington Monument and other national monuments. The amount to be donated is based on the number of qualifying shipments.

To qualify for the donation, shipments must originate in or be destined to Connecticut, Delaware, the District of Columbia, Georgia, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island, South Carolina, Vermont, Virginia or West Virginia.

For each shipment Roadway picks up during the month of February, 7-cents will be donated on the customer's behalf to the National Park Foundation. Roadway will contribute 3½-cents and an Akron, Ohio, foundation will match that contribution.

"Every shipment a customer makes will help us achieve, and hopefully surpass, our donation goal of \$100,000," said Roadway President Richard W. Hoss.

"Roadway serves more than 42,000 communities from coast-to-coast including the Quad-City area, which makes it easy and convenient for customers to participate in this worthwhile effort to preserve and restore the Statue of Liberty and our other national monuments," he added.

Hoss said shippers and receivers who deposit a moderate effort in helping to "Give Liberty a Lift" will receive a special presentation edition of "American Photographs" and the "National Parks," a commemorative "Liberty" statue, or a 300-page "Complete Guide to America's National Parks."

## Preview set for dance competition

On Tuesday, Feb. 19, at 7 p.m. at Panorama Lanes, 200 South Belt West, Belleville, "MUSIC" will present a preview of the upcoming sixth annual Midwest Challenge Dance Competition to be held March 23 in Collinsville.

The Challenge will feature dancers from the local area, as well as from several other states. Many of the couples will have major competitions, and some will appear on the National television program, "Dance Fever."

## AIR FORCE SEEKS PRIOR SERVICE VETS

The U.S. Air Force has an urgent need for nearly 900 Air Force prior service personnel to work in tactical aircraft maintenance, according to Technical Sergeant Mike Lunsford, Air Force recruiter. The job includes inspecting, repairing and maintaining tactical aircraft and tactical aircraft equipment.

"Few aircraft mechanics who have been out of the Air Force less than five years are eligible to apply," said Sgt. Lunsford. "They will get their rank back if they have less than a one-year break in service and a cash bonus of \$1,000."

Also needed are former Air Force people with experience in air traffic control, aircraft systems, aircraft weapons, munitions maintenance, avionics and ground communications, to name a few.

Those who want to find out if they are eligible to enlist during this special recruiting drive should contact Sgt. Lunsford at 1-626-3363.

## \$8.6 million contract for I-255 work

A contract for 1.69 miles of earth grading for Interstate 255 between the Illinois Horseshoe Lake Road east of Pontiac and Beach has been awarded by the Illinois Department of Transportation.

The project is one of seven statewide with values totaling \$10.2 million.

Local Brothers, Inc., was given the contract for the local project at a cost of \$6,995,639. Work is to begin soon.

The other six projects for which contracts were awarded are in other parts of the state. Bids for the seven projects were opened during the Dec. 7 and Jan. 24 bid lettings.

## Prison staffs now top 9,400

Comptroller Roland W. Burris reported this week that the number of employees on the state payroll at the end of December was 114,268, down 2,300, or two percent from the previous month, due to a seasonal drop in help at colleges and universities. Exclusive of educational institutions, the December total was 76,711, up 291 or 0.4 percent from November.

During 1984, the largest increase in state employment was noted by the Department of Corrections. This was the result of opening several new prison facilities and boosted the Corrections payroll to 9,434, an increase of 1,111 in the one-year period ending Dec. 31.

Payrolls for all agencies totaled \$189,130,446, an increase of \$3,489,075 or 1.8 percent from November. Payroll for all except educational institutions were \$139,518,296, up \$2,223,515 or 1.6 percent.

The number of employees in December 1984 was 3,233 more than in December 1983. Educational institutions increased by 354 while all other agencies rose by 2,879.

Total payroll costs for all state agencies were \$15,692,017, up 8.2 percent from December 1983 to December 1984.

### Workshop on licensing hospices

The Illinois Department of Public Health will present a workshop concerning the steps necessary for state licensure of hospices. The workshop will take place on Wednesday, Feb. 20, from 9 a.m. till 4 p.m. in the Welsman Room of St. Elizabeth Medical Center.

Hospice is a program of care for patients with terminal illnesses. Many hospice programs are carried out with the patient living in their

own home. In this instance, the family will serve as the primary unit of care with support from a trained medical staff. Nurses will visit the home as needed and many times volunteers are available.

This form of hospice program will allow the patient to remain in familiar surroundings during the final days of their lives.

The hospice care which began in England was brought to the United States 10 years ago. There are now more than 1,200 hospice programs in operation in this country. This alternative healthcare program has been recognized by medical professionals and clergy for its innovative approach to care and compassion during the final phases of life.

For more information on the Feb. 20 workshop or the hospice program, interested persons may contact the Office of State Health, 100 W. Madison, Suite 100, Springfield, Illinois 62701, which is affiliated with St. Elizabeth Medical Center, at 789-3399.

### Nominations sought on groups that aid area's needy people

KNLC 24, the newest broadcast TV station in the St. Louis area, is inviting residents to nominate individuals and groups to nominate organizations or churches they feel are making a significant contribution toward helping the poor and needy in their communities. Along with a plaque, a \$500 grant will be given to each of the 24 organizations selected.

One organization is owned and operated by the New Life Evangelistic Center. The Rev. Larry Rice president of KNLC, said "Channel 24 is a TV station that cares about seeing the needs of the poor and elderly met throughout the bi-state area."

"We want to honor as well as directly assist those groups which are most effectively exemplifying the love of Jesus in both word and deed."

To nominate an organization or church, residents are to include:

1. In what way the group has made a specific contribution to the community, the nature of the organization's work, how many people are helped each month, and how it is funded.

2. A statement that the organization is a non-profit corporation in Missouri and Illinois. If the group nominated is selected, it will be asked to furnish either its IRS 501(c) or a copy of the incorporation papers and any by-laws.

3. The name of the organization, name of the director or pastor, the address, phone number, and how many years the group has been in existence.

Don Barnes, general manager of KNLC, said it is important that the nominations be submitted immediately. All entries must be postmarked by March 8 so that selection of the winners may be announced at the awards presentation.

The presentation ceremony will be televised live at KNLC on March 24 between 2:30 p.m. and 6:30 p.m.

Entries are to be sent to KNLC, Channel 24, P.O. Box 924, St. Louis, Mo. 63188.

### FREE TAX RECORDS ON PRESCRIPTIONS OFFERED

A service to assist taxpayers in gathering their medical expense records is being offered by Walgreens Pharmacy. Walgreens will provide a free computer printout of all prescription purchases during 1984 at any Walgreens store.

The "Intercom" computer can provide a printout of all of a customer's prescription purchases throughout the year, said a Walgreens spokesman. A copy of the printout will be provided to the customer within about two weeks of when the request is made.

# Madison seeks to centralize help for the needy

By DONNA KIMBRO  
of the Press-Record

Thomas Gordon, acting mayor of Madison, asked the Madison City Council Tuesday night to approve a program he wants to implement for the benefit of people who need assistance in finding help.

Gordon cited a situation where a man was unemployed and a victim of a heart ailment who could not obtain aid through any of the regular agencies. With this in mind, Gordon said, he contacted a representative of the Coordinated Youth Services in Granite City to discuss finding other agencies or programs where needy people could find the help for which they are eligible.

HE THEN introduced Kathy Turk, a social worker at the Coordinated Youth office, who addressed the council and explained the various programs available to area residents who are unable to pay for such services at the time.

She said the medical assistant program includes paying for visits to

the doctor, prescription, dental and eye care. Plaza Health Care offers help for alcoholic and drug abuse victims and the WICK women's program that provides help for women with infants (until the child is 5 years old) by providing some food, milk and other necessities.

She also said she and Gordon have discussed tentative plans to open a Community Food Pantry in Madison and to encourage people to plant gardens, with the help of the Willing Workers of America organization, to provide fresh produce during the summer.

**GORDON SAID** he wants to have a phone installed at the Memorial Recreation Center where people can call to find the appropriate agencies to help in their particular needs.

"I think as a human service program, we need to overcome the problem the people are having in finding the right agency for help. People do not have to go hungry in this area," Gordon said.

Gordon continued, "I would like to

have approval from the council to appoint a committee of community leaders—such as clergymen, councilmen, police and other interested persons—to set up a guidance board to work with this."

THE ALDERMEN voted to approve the recommendation and to appoint Shirley Greer, an employee at the Memorial Center, to serve as temporary coordinator for calls from people and direct them to the proper programs.

Greer also informed the council there is a program to assist senior citizens in completing their income tax returns and she will secure more information and relay this to the acting mayor.

During the meeting, Mike Macek, fire chief and assistant superintendent, read a letter in response to one that appeared in the Press-Record Forum, submitted by Alderman Charles Rockett.

**ALDERMAN ROCKETT** responded in part, "When I ran for office, it was in the Fifth Ward, not the

Fourth Ward, and then I asked Macek why one person from the Fifth Ward was not hired by the city of Madison. I asked for qualified personnel to come in and I got a picket in the Fifth Ward. It was bad. Then the area was redistricted and became the Fourth Ward. I do know what is going on in my ward."

In a relatively new approach to burned buildings and houses, the city has implemented after a fire if it presents a hazard to the community. If the city waits weeks or months, however, the request to raze it must be taken through the proper legal channels a subject to a court decision.

Casper Nighoghossian, city attorney, explained the law states that if a building is a hazard after a fire it can be demolished immediately if it presents a hazard to the community. If the city waits weeks or months, however, the request to raze it must be taken through the proper legal channels a subject to a court decision.

IN OTHER business, the council approved annexation of two parcels of land and accepted a cancellation

of the pole license agreement between Illinois Power Co. and the city of Madison, since the power company is now in contract with Southwestern Illinois Corp. and it owns a power plant in the Fifth Ward. It was bad. Then the area was redistricted and became the Fourth Ward. I do know what is going on in my ward."

In a relatively new approach to burned buildings and houses, the city has implemented after a fire if it presents a hazard to the community. If the city waits weeks or months, however, the request to raze it must be taken through the proper legal channels a subject to a court decision.

Acting Mayor Gordon read a letter commanding Patrolmen Thomas Voskoli and Steven Skokla for their work in solving 18 burglaries by arresting one man in the act of another burglary.

HE ALSO read a letter from Larry and Regina Miller, commanding police officers and ambulance attendants for their quick assistance when their 10-month-old child became seriously ill and needed to be transported to the hospital.

Aldermen granted approval to Mike Macek, fire chief, to promote Cadets Fred Flinn and Ron Finken, both of whom are probationary firemen, and to the Madison Junior Service Club to sponsor a roadblock on May 3, at Sixth Street, and Madison Avenue from noon to 5 p.m. All proceeds from the project will be donated to the American Cancer Society, according to Diane Hudak, president of the organization.

## Seminar for women business owners planned

About 500 women from Missouri and Illinois are expected to attend Small Business '85: Strategies for Women Business Owners, which will be held at the Clarion Hotel in St. Louis, March 7, 8 and 9.

Women's business ownership is the fastest growing segment of the small business community, according to research released by President Ronald Reagan's 1985 Report on the State of Small Business. Almost three million women own businesses which bring in about \$40 billion a year. In Missouri, there are more than 70,000 women business owners.

The first big follow-up conference directed to women business owners will be sponsored by the U.S. Small Business Administration. Women Business Owners, St. Louis Forum, St. Louis Community College, Washington University School of Business, Federal Executive Board and Small Business Development Center of St. Louis.

Lecture and workshop topics are designed to educate, stimulate and encourage the woman business

owner to work smarter and to be more successful in her business. The conference will include the following speakers: leaders who are nationally recognized, successful women business owners:

— Linda Verlin, the founder of Soundtrak, Inc., a chain of six audio/visual stores in Oklahoma, Kansas and Missouri.

— Edie Henmee, the founder of Cosmetic Specialty Labs, Inc., a manufacturer of Aloe Vera-based cosmetics which are shipped to all 50 states and many foreign countries.

— Virginia Littlejohn, the founder of Virginia Johnson, Inc., in Washington, D.C., and a registered

lobbyist for the service industry. She is the president of the National Association of Women Business Owners.

Exhibits and planned networking will give the woman entrepreneur an opportunity to make useful contacts and gain valuable information.

Reservations by Feb. 23 are encouraged. Cost for \$100 per person may be sent to: Small Business '85, St. Louis Community College, 5600 Oakland, Room G-329, St. Louis, Mo. 63110. After Feb. 22, the fee is \$175.

Additional information is available from Joyce Reynolds, telephone 1-314-885-1999.

## Combating field compaction is topic

A program on what to do with fields compacted this past fall from harvesting equipment will be held Tuesday, Feb. 19, at 7:30 p.m. at the Extension office, 900 Hillsboro Drive, Madison.

John Gremens, University of Illinois agriculture engineer, will be the speaker for the program.

Minimizing the compaction problem in fields this spring will be one of the topics covered on the program of the field day. Madison County were ruted and compacted

during harvest this past fall.

Other topics include recognizing the soil compaction problem and effect of soil compaction on crop production. The program will also discuss the University of Illinois research on the effects of soil compaction. In addition to this, he will cover recent university research on tillage systems.

Additional information on the program is available from the Madison County Extension office 1-656-8400.

Those who would like to be included in the Madison County Hay Directory may contact Duane Frederking at the Madison County Cooperative Extension office, 900 Hillsboro Drive, Edwardsville, Ill. 62025, telephone 1-656-8400, or Larry Firkus, Madison County SWCD, Post Office Box 482, Edwardsville, Ill. 62025, telephone 1-656-5166 before March 1.

## School Reform Commission issues its recommendations

"A bold new approach to school reform which would reverse the trend of state involvement in education, restore local initiative and provide the schools with greater influence in a new economic era" was announced in a report released by the Illinois Project for School Reform this week.

Michael Bakalis, executive director of the statewide project formed by the business community, said the report, entitled, "Education For A New Illinois: The Public Schools in a Changing Economy," represents the most far-reaching effort the nation to re-examine governance to the people who pay for the schools and are elected to run them.

"Over the past 20 years," Bakalis said, "governmental bodies and courts at every level have slowly but surely eaten away at the time-honored American tradition of local

control of schools. The result has been not only the virtual disenfranchisement of people regarding the growth of stifling governmental mandates and regulations which encourage mediocrity and another creativity and innovation."

Bakalis said the report stressed the fact that the current climate urges the kind of educational changes needed as Illinois moves into a new economic era.

Among the dozen of recommendations are some key changes:

The state would provide standards and guidelines but local districts would be freer; and, in fact, would be encouraged to experiment and devise innovative ways to educate children.

Schools could, with state approval, fashion their own school calendar to carry out their educational goals. Some districts, for ex-

ample, could arrange half-day sessions in the school and half-day sessions in the community, while others might schedule just two or three periods of physical education each week, while requiring nine or more periods of math, science or reading.

For the first time, districts would submit locally-developed personnel evaluation plans which would detail how persons would be evaluated, what steps would be taken to eliminate poor teachers and administrators and outstanding ones.

Entrance requirements into teacher preparation programs would be dramatically upgraded, and the rigidity of the current teacher certification process would be made more flexible to encourage talented people from various walks of life to enter the teaching profession.

Teachers with more than four years experience would be given the option of 12-month contracts, with commensurate salary increases.

An educational academy would be created to bring the best educators from across the state together to concentrate on the process of school improvement and professional staff development.

The number of school districts

would be reduced,

the State Board of Education would be streamlined, and various coordinating entities put in place to reduce the excessive size, cost and inefficiency of the educational bureaucracy.

An Educational Venture Capital Fund would be created which would use business contributions as seed money for innovative school programs, thus encouraging experimentation and creativity.

Business/education agreements would be created

throughout the state. These "compacts" would establish formal working relationships between the public schools and the private sector for the purpose of joint ventures in community service projects.

"As direct 'users' of public education, the business community has a major stake in improving the schools," Bakalis said. "They can, and I believe will, play a major role in the issue of educational reform."

The project estimates the cost of its proposals at \$265 million and recommends a number of ways to

federal tax reduction. This option would generate approximately \$290 million.

Increase education's share of the state lottery by allocating 50 percent of all additional lottery revenue to the schools.

Bakalis cautioned against passage of programs that provide additional dollars without addressing the fundamental problems of public education.

"The key to school reform is not simply the 'quick-fix' infusion of funds," he said. "While we recognize that the schools do need more money, we are recommending bold new approaches which will encourage creativity and excellence at the least possible cost."

Bakalis said the report will be forwarded to key policymaking officials from around the state and to every member of the Illinois General Assembly in the hope that it will form the framework for a school reform legislative package this spring.

The Illinois Project for School Reform is a joint project of Chicago United and the Research Center for American Policy Studies. The report will initiate grassroots public participation process which involved more than 3,000 citizens from across the state, including several from the Granite-City area.

### Open meeting of Al-Anon group

The District 18 Al-Anon Family Group is inviting Quad-Citians to an open Al-Anon and Alateen meeting at 8 p.m. Saturday.

The group is a community resource for family recovery of alcoholism. The meeting will be in the Hall, St. Elizabeth Medical Center, 100 Madison Ave.

Guest speaker will be Mike Powers of St. Louis, a coordinator for counseling and education in the field of alcoholism. There will be a question and answer period.

A parking lot is offered that night on the McKinley parking lot, corner of Niedringhaus Avenue and Iowa Street, with entrance to the hospital on Washington Avenue or the emergency room. Al-Anon family groups are a fellowship of relatives and friends of alcoholics who share their "experience, strength and hope in order to solve their common problems."

Al-Anon is a recovery group, and it is felt that changed attitudes can aid recovery, a spokesman said.

Al-Anon is not allied with any sect, denomination, political entity, organization or institution. It does not engage in any controversy and neither endorses nor opposes any cause.

There are no dues for membership. Al-Anon is self supporting through its own voluntary contributions.

The spokesman added: "Al-Anon has but one purpose, to help families of alcoholics. We do this by practicing the 12 steps of Alcoholics Anonymous, by welcoming and giving comfort to families and by giving understanding and encouragement to the alcoholic."

### Estimate \$48,450 loss in house fire

An overheated furnace may have been responsible for starting a fire that destroyed the home of William Wethen, 2813 Lincoln Ave., during the weekend, a Granite City Fire Department spokesman said this week.

Firefighters remained at the scene four hours and the one-story, frame dwelling was a total loss. Estimated value of the property was \$16,150.

No one was home when the dwelling caught fire at 4 a.m. Saturday, according to the department spokesman.

### Do You Want To Help Your Child Lose Weight?

St. Elizabeth Medical Center is offering a special program for overweight children called WEIGH TO GO. WEIGH TO GO is a series of classes for children ages 8 to 11 and their parents.

WEIGH TO GO features:

- \* counseling in successful weight control methods
- \* sensible nutrition information
- \* tips on exercise
- \* separate sessions for children and parents
- \* all classes are taught by registered dietitians

WEIGH TO GO classes will be held every Tuesday night for six weeks beginning February 26. Cost of the program is \$50. Deadline for registration is February 22.

For more information or to register for WEIGH TO GO, call Nutrition Education Services

**KNIGHT'S DONATION.** The Knights of Columbus Council 1098 recently donated \$10,000 to local agencies and groups in the Quad-Cities area. The money was raised through a Tootsie-Roll drive and a chicken and beer dance at the new Knights of Columbus Hall on Old Alton Road. Persons pictured and the agency each represents include, front row from the left: Dorothy Rabon, Tri-Cities Association for the Retarded; Kathy Grigus, Down's Syndrome Parents' Group of Southwestern Illinois; Steve Schardan, co-chairman for the Knight's drive to aid the mentally retarded, and Betty Stegemeier, Alpha Center for Women. In the second row, from the left, are: Richard Powell, Association of Retarded Citizens of Madison County; Melton Morris, Organization to Aid The Handicapped (OATH); Mike DeRunz, grand knight of the Knights of Columbus; Carolyn Smoot, Parents for Special Education; Joanne Higgins, Special Olympics; Bud Shaffer, Reye Syndrome Association; Ed Boyer, Alpha Center; Pam Gunsten, Special Olympics, and Jim Schmedake, Boy Scout Troop 55.

### Illinois Guaranteed Loans popular with the public

The results of a recently-conducted survey of Illinois lenders by the Illinois State School Aid Commission (ISSC) showed that the lenders perceived a very positive image of the Illinois Guaranteed Loan Program (IGLP) by their publics. Almost half of the 1,300 lenders participating in the IGLP responded.

Among the major reasons that the lenders felt the public viewed the IGLP in a positive light were:

- The program provided educational opportunity.

- The IGLP was the best self-help source for educational funding.

Without the IGLP, many students would not be able to obtain an education.

- Loans were relatively inexpensive and easy to obtain.

- The community's needs were served by the IGLP.

Positive comments concerning the loan programs were received from over 88 percent of the respondents.

Lenders were asked why they participated in the Illinois Guaranteed Loan Program. The major reasons given by the lenders for their participation were:

- To provide customer service.

- To help students obtain an

education.

- To earn a profit.

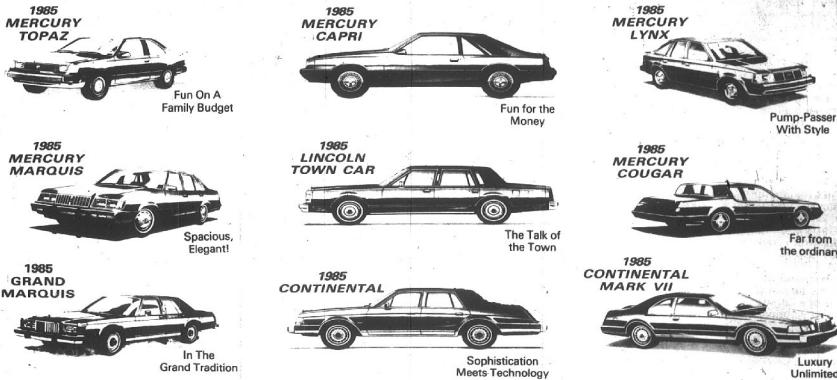

- To provide a service to the community.

Many lenders throughout the state are involved with financial aid presentations during Financial Aid Awareness Week, February 11 to 15. Governor Thompson has proclaimed that week to encourage all those desiring financial assistance in obtaining their higher education goals to take advantage of the many programs and activities offered through the many organizations involved in presenting this week, including the Illinois Association of Student Financial Aid Administrators (ILASFAA), the Illinois State Scholarship Commission (ISSC), the American College Testing Program, the College Board, and the Illinois Association of College Admissions Counselors.

Parents and students should contact their high school counselor or nearest financial aid officer for information about the many programs available to specifically question concerning Guaranteed Student Loans can be referred to a lender.
